This full time “residency” for \$500 per person includes rent and utilities.

SEEKING BRAVE, FIERCE, OUTRAGEOUS, FEMINIST STUDENTS (OR COUPLE) INTERESTED IN RENTING THE MOM ART ANNEX SUMMER 2018 IN ST. PETERSBURG, FLORIDA.

Imagine living for only \$500 per month this summer while you conduct research, create art, and/or write about women, mothers, and families. The Museum of Motherhood seeks a very special activist, artist, scholar, community member to live/work/ and stay at the Museum of Motherhood beginning April 1.

This is an unusual opportunity for two unique individuals who are positive artist/educator/feminist pioneers, adventurous, forward thinking, and completely responsible. This is a live/work/create experiment in a museum setting. The Museum of Motherhood is located in the glorious arts community of Historic Kenwood in St. Petersburg, Florida.

Ideally, the individual or couple will incorporate this experience into a larger research, writing, or art project, making use of our extensive library and onsite facility. This could be a PhD paper, book or other endeavor- but, this opportunity is specifically aimed at a partnership that benefits both the residents and the museum.

The property boasts two private bedrooms (one single bed, one double bed), one bath, kitchen, front and back porch, and gardens. Write: **MarthaJoyRose@gmail.com** or text: 207-504-3001 (Deposit & references required).
